**RAPPORT DÉTAILLÉ SUR DES POINTS CULMINANTS****DETAILED REPORT ON HIGHLIGHTS**

From 16th to 17th April 2013 a meeting of PIARC Technical committee 1.3 that deals with Climate Change and Sustainability took place at Slovenian National Building and Civil Engineering Institute (ZAG). Slovenian member of this committee is dr. Karmen Fifer-Bizjak. There were 17 experts present at the meeting that have come to Slovenia from all over the world. At the beginning of the meeting first dr. Fifer-Bizjak shortly introduced ZAG, then mr. Bine Pengal welcomed guests in the name of the National committee PIARC Slovenia and shortly presented them Slovene Roads Agency and a few data about slovenian road network. Judging from the feedback of the guests, they were very pleased with their stay at ZAG and in Slovenia in general. Also the meeting itself was very successful.

Another activity that Slovenian NC is currently heavily involved in is the new role of mr. Bojan Leben, who took over the responsibilities of the Representative of PIARC National committees. NC supports mr. Leben in his activities, which are currently more and more focused on preparations for Andorra Winter Road Congress in February 2014, so that the national committees will have the chance to adequately present themselves and play their respective role at the congress.

Slovenian NC also prepared a short article on our activities and organization, to be published in the PIARC magazine Routes/Roads in the autumn edition.
